## EXFOLIATE AND RENEW!

Bioelements' new Skin Editor™ is a powerful exfoliator that works to edit skin imperfections and long-term damage to instantly smooth rough and bumpy texture, diminish dullness, brighten dark damage, improve clarity + color, target congestion, hydrate, and reduce the look of lines – all without harsh skin-stripping or surface-scraping. If your clients use it at night it can quickly correct past skin sins, and environmental stress signs.

## SAY GOODBYE TO GROSS

Keeping a sterile and clean service area is crucial to the success of any skincare practice. That's why the silicone parts and accessories used with Bio-Therapeutic equipment and accessories are infused with Silver Ion technology for its continuous antibacterial and antimicrobial properties. Silver has a long history of use in human healthcare and medicine.
