5  
 Steps  
 Towards a  
 SMART Purchase

Here Comes the SUN

*Absorb the latest nutritional and  
 topical research for better UV protection*

## ANTIOXIDANT SHIELDS

### 7. A+ SMART SERUM

**DermAware**  
[www.dermaware.com](http://www.dermaware.com)

A+ Smart Serum targets age, pigment, acne and oil and helps stimulate collagen, cellular renewal, oxidative protection, brightening effects and pigment control with a multi-dose serum of antioxidants.

### 8. C-SHIELD VITAMIN C AND AHA SERUM

**Skinprint**  
[www.skinprint.com](http://www.skinprint.com)

The C-Shield Vitamin C and AHA Serum is an antioxidant and leave-on exfoliant helping to brighten skin tone, smooth skin texture and protect skin from damaging free radicals.

### 9. MINERAL FACE SHIELD

**Repêchage**  
[www.repechage.com](http://www.repechage.com)

Protect skin daily from environmental aggressors with Mineral Face Shield. *Laminaria digitata* provides hydrating, nourishing, and antioxidant properties, while zinc oxide shields skin from environmental aggressors.

### 10. VITAL C 10% + PEPTIDES SERUM

**G.M. Collin**  
[www.gmcollin.com](http://www.gmcollin.com)

The Vital C 10% + Peptides Serum contains a synergistic combination of ingredients to protect skin against environmental stressors and reduce the visible signs of premature aging.

### 11. CELL YOUTH ACTIF

**YG Laboratories**  
[www.yglabs.com](http://www.yglabs.com)

With a combination of five anti-aging cell technologies, Cell Youth Actif is a serum that helps correct 14 signs of aging and protecting skin against DNA damage.

### 12. GRAPE STEM CELL SOLUTIONS GEL MASK

**ilike organic skincare**  
[www.szepelet.com](http://www.szepelet.com)

The antioxidant-rich Grape Stem Cell Solutions Gel Mask slows down the development of wrinkles, while increasing the longevity of epidermal stem cells.
