Harnessing Mother Nature

*Discover what makes oils
essential, natural remedies for
sensitive skin and how to choose
natural/organic products*

7. RASPBERRY PEACH ENZYME

Skin Script Skin Care
www.skinscriptrx.com

The Raspberry Peach Enzyme utilizes raspberry to soothe skin irritation and reduce inflammation, while the peach softens skin skin. The enzyme also utilizes hibiscus flower and pumpkin to exfoliate.

8. BOTANICAL CLEANSING OIL

YG Laboratories
www.yglabs.com

Botanical Cleansing Oil is a lightweight blend of omega oils that protect skin from moisture loss, revive essential skin lipids and promote barrier protection and repair during and after cleansing.

9. C-SERUM SEAWEED FILTRATE

Repêchage
www.repechage.com

Short for cytoserum, C-Serum Seaweed Filtrate is a concentrated seaweed extract that helps combat aging, acne, dehydration, redness and flakiness while balancing skin moisture.

10. BOTANICAL AHA PEEL

ilike organic skin care
www.szepelet.com

The Botanical AHA Peel gently dissolves dull, dead skin cells from the skin's surface, minimizes pore size and reduces the appearance of dark spots and shine.

11. SOOTHING MASQUE

A Natural Difference
www.anaturaldifference.com

The Soothing Masque will calm down the most sensitive skin with healing calendula, chamomile, aloe and vitamin E. It is mainly used for sunburns, but can calm irritated skin from acne and rosacea.

12. ORGANIC REGENERATING OIL SERUM AND ORGANIC CALMING BODY OIL SERUM

Blue Beautifly
www.bluebeautifly.com

The Organic Regenerating Oil Serum renews and moisturizes skin for a more youthful appearance, while the Organic Calming Body Oil Serum relieve tight muscles, reduces inflammation and nourishes the skin.
